

Passionate about innovation and enterprise transformation, I'm a strong believer in collaborative leadership, breaking barriers of diversity and generating value from everyone's contribution and growth.

Silvia Pecorari

CORPORATE STRATEGY AND SUSTAINABILITY PM

Responsible for Sustainability in Automobili Lamborghini since June 2021, I'm leading the cross-functional Sustainability project team, and defining the strategy and the targets within the ESG framework.

Together with this assignment, I'm in charge of the corporate strategy 2030 project management.

In my experience within the company I also have different strategical projects in digital innovation and customer experience.

While my academic background goes from scientific studies, Engineering to a Master degree in management.
